# **EXECUTIVE SUMMARY**

## **TITLE OF STUDY**

### **PRE INVESTMENT FEASIBILITY STUDY ON “DEVELOPMENT OF DAIRY INDUSTRY IN NER**

The study of dairy industry in North Eastern region was commissioned by NEDFi with definite objectives. These objectives may be divided into immediate objectives and wider objectives as under-

#### **IMMEDIATE OBJECTIVES**

- To examine the techno-economic viability of taking up dairy development projects in different locations of the NE Region.
- To provide basic information together with the location specific data on project parameters to prospective Entrepreneurs, Investors, Financial Institutions, Government Agencies etc. regarding business opportunities in the dairy sector in different States of the NE Region.
- To provide above information in such a way that these would form the basis for preparation of DPR by Domestic and International Investors

#### **WIDER OBJECTIVES**

- Economic development of the NE Region through generation of direct and indirect employment opportunities in Dairy Sector.
- Facilitating prospective entrepreneurs to invest in the region in following Activities:
  - Dairy Farming
  - Milk Processing Units
  - Other entrepreneurial Units

#### **Overall Summary of Projects for 8 North Eastern States.**

The following table 5.1 gives an overall summary of all the projects that have been envisaged as potentially feasible in the concerned 8 States. The table indicates not only the number & capacity of each type of project, but also the Investment required for setting up those Units.

The projects that have been identified and considered are as follows:

- Commercial dairy farms with 10 cattle
- Commercial dairy farms with 25 cattle
- Rural dairy farms with 2 cattle
- Rural dairy farms with 5 cattle
- Milk processing plants
- Cattle feed compounding plants
- Ice cream plant
- Sweet manufacturing Unit
- Artificial insemination (A.I.) centers

**Overall Summary of Projects for 8 North Eastern States**
